that the district court made a mathematical error in calculating his sentence. This argument is without merit, because the record does not reflect a sentencing error and Marquez Hernandez's appeal waiver makes no exception for erroneous guidelines assessments. We have reviewed counsel's briefs, Marquez Hernandez's responses, and the relevant portions of the record reflected therein. We concur with counsel's assessment that the appeal presents no nonfrivolous issue for appellate review. Accordingly, counsel's motion for leave to withdraw is GRANTED, counsel is excused from further responsibilities herein, and the appeal is DISMISSED. *See* 5TH CIR. R. 42.2.
